Student Reviews

I had the chance to study in London and in Manchester, in two different schools and cities.
I have no doubts that Manchester is definitely a city to be. And IH Manchester is for sure the best school in town! Manchester is a beautiful and vibrant city but also close to important cities like Liverpool or York. IH Manchester has a great staff that is always happy to help. And the teachers there are engaged to motivate students to achieve their goals. I had classes online and at the school building as well. I really recommend IH Manchester also for its location and great facilities.

Studying at IH Manchester was an amazing experience for me. In addition to fulfilling my dream of studying English in another country, I had the opportunity to meet wonderful people in Manchester. I was very well received at the school and very well attended by everyone. The school also referred me to an amazing host family, the best I could have, which made my exchange experience perfect. The school's professionals are always willing to help and the teachers are excellent. It is worth studying English at
IH Manchester. I highly recommend.
